COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY OCTOBER 27, 1909.

NUMBER 51

The Duty of the Hour.

At the Presbyterian Church on Sunday morning, Oct. 17th, Rev. J. R. Crawford, pastor, did a little vigorous talking to the voters of his congregation. It was a timely plea for righteousness in politics.

The speaker made a clear distinction between politics and party politics, holding that, as a rule, the minister, would do well to abstain from taking an active part in party politics. However, when politicians elect to discuss questions that contain moral issues the pulpit must not be gagged or muzzled. Certainly it has a prior right to be heard on every question affecting rightness, character and morality, declared the speaker.

Mr. Crawford's text was from Matt. 22: 37, "Render unto Caesar the things which are Caesar's, and unto God the things which are God's." And he said in part as follows:

Christ's mission was to put the temporal and spiritual Kingdoms in their proper places and to provide for the doing of His home forever the two Kingdoms by His divine sanction. It is God and Caesar, not God, or Caesar. Too many Christian men believe that God and business, and God and politics must be divorced. One is regarded as purely secular and the other as purely religious. What are politics? "The principles by which nations should be governed and regulated, only a branch of ethics, or the application of the principles of morality and religion." True patriotism and piety are twin flowers growing on the same stem whose root is in obedience to and love for God and man. Then Christian men should go to the primary or political convention and to the polls regularly and as religiously as they would go to church. Squarely face the fact, that bad government violates the moral, destroys physical, intellectual and religious liberties, which God intended all to enjoy, then resolve that your suffrage shall be intelligently given.

The true citizen will stand for a pure social and home life as the foundation of personal purity for the stream of public administration. In our country, cities and states the righteous loving citizen should have open eyes to search out and then a clear vision to see the bribe-takers, grafters and all who steal from the public purse. How of ten public offices are made the places for private pilfering instead of public trusts. Honesty demands that whether the office seeks the man or the man the office, no man ought to ask for or expect the votes of the people the second time who has not clearly administered a first term. If he does the good citizen must have independent manhood enough to say, "You can not have my vote or my influence." No man ought to be put forward or voted for whose record for honesty in money affairs, or whose integrity of word and deed is the least tarnished, or who even has the remote suspicion of having the support or backing of the liquor power. We have good, clean men of sterling worth in every community who stand ready to fill the public offices, when political methods are purged of their wickedness. The "Boss" must be supplanted by the patriotic citizen—who works not for money, but for the good social order and civic virtue.

The enemies of good government, even during the hours of this Holy Day, are busy "fixing" the approaching legislature of Kentucky. They are confidently expecting to see the flag at state wide prohibition sentiment lowered by the results of the coming election. Every God-fearing, truth-loving, righteous citizen of the state should be at the polls and check most this dastardly purpose of the whiskey power. See to it, O men, O voters, that you are not made dupes to wickedly designed party measures that would coerce you into such a criminal use of your vote and influence.

Are you confronting local elections, which to you, your county, your homes, your business and your city's morals mean far more than who is President or U. S. Senator? You are to heed the injunction "Behave as if worthy of the Gospel of Christ." It is worth "healers," "saloon nominees," demagogues, and corrupt partisans are asking officers at your hands your course of conduct must be clear. To elect such men would be no "terror to evil doers and a praise to them that do well."

A Christian citizen has no right to vote for such men for office. To do so is a direct attempt to make the very purposes of God's law to be null and carry Nothing seems clearer than that Christian citizens should press the principles and power of our holy religion into every avenue of political life; into the saloons, the courts, the schools, the chair, into the Court-house and

Senate chamber, into legislature and governor's offices, into Congress and the White House, until the law of Jesus Christ, the law of love, duty and service both to God and Caesar, to church and state, shall be the law of every Christian and every citizen. From this high ideal no Christian man can retreat. Do you say that this theory of government is too good for this world. Not at all. It is just the one that God has revealed to us and wants us to put into practice here and now. To do this may compel us to leave our old party, to close our ears to the "crack" of the party whip, to shut our eyes to the crimson folds of the "bloody shirt" or to cease having our fancy tickled by the "stock lies" of the campaigner and shouting demagogue; but what of that? If right eye offend thee, pluck it out. It is time for you to stand now and overmore, for the suppression of the moral corruption which is making sick both head and heart of our entire social life. Is your moral muscle to count for anything in behalf of God and Caesar in the Commonwealth and in Adair county—of this we shall soon see.

There were more people in Jamestown the first day of circuit court, than in session, than any term for many years in the past. It was a very orderly crowd and a great deal of business was transacted by the merchants and by men in other avocations. Judge Barker organized the court in the forenoon and the remainder of the day was taken up by candidates, who presented their claims to the dear people. It is uncertain as to who will be elected in Russell county next Tuesday, though the Republicans have a considerable majority. All the candidates and their friends were active and both sides are claiming the election. The tale will be told next Tuesday and doubtless there will many disappointed aspirants.

There is some improvement going on in Jamestown. Several new residences are going up on Columbia street, and the same street is being plowed to the river and has been completed, making a nice drive to the boat landing. The river is very low, too low for gasoline boats.

It is a matter of pride and pleasure that we mention the fact that Dr. J. E. Grant, Dentist, who spent several months in Columbia, in the practice of his profession, making many friends while here, has endeavored himself to professional skill to the Institute of Dental Medicine and gets a substantial advance in his salary. Dr. Grant left Columbia in 1907 to accept the position of dentist for the Dental Commission on a salary of five thousand dollars a year. We had heard that he had intended returning to this country to locate but his advance in salary and a further extension of his time does not indicate his return. At any rate here, our good will and wishes and an open door at any time he may choose to return.

Mr. A. M. Hemphill, Barbourville, an organizer of Farmers' Institutes, first district, was in Columbia several days last week. There will be a meeting of graduates of the first district of December to which all farmers are requested to be present. See bills calling this meeting.

Russell Springs continues to improve. This town commenced growing a few years ago and at this time it has a population of four or five hundred people. A number of building lots have recently purchased, and several new residences are being erected. The Odd Fellows will also erect a large hall on a lot near the Russell Springs Hotel.

S. R. Elliott and Wiley Bowling, of Cumberland county passed through here last Wednesday morning with ninety-one hogs, enroute for the Louisville market. They paid \$1,420 for the bunch.

L. B. Cain Sold Owen Hardesty 8 steers for \$3.65 per hundred; To B. E. Stone 12 head for \$3.35; To J. P. Dehoney 7 head for \$3.35; To J. A. Biddle 2 head for \$4.10.

Lost—A lance red steer with white face, in the woods on Long View, near town. Would appreciate any information regarding it. J. A. Young, 51-2t. Bakerton, Ky.

The post-master general has notified the post-master throughout the country that on November 1st the registry fee will be increased from 8 cents to 10 cents. The limit of the indemnity for first class registered mail will be raised to \$50.

In order to give the vote of the county in next Tuesday's election, we will not send out our paper until Wednesday. The post offices outside of Columbia will not receive the paper until Thursday, making in one day late.

The Meeting At Christian Church.

Eld. W. H. Pinkerton, of Ghent, Ky., arrived in Columbia last Wednesday afternoon, and at 7:30 p. m. Eld. Z. T. Williams, pastor, assisted by Mr. Pinkerton, commenced a meeting at the Christian church. One year ago Eld. Pinkerton did the preaching in a meeting held here, and the people generally remember the great interest manifested at that time, and the success which crowned his efforts. There are but few stronger preachers, and we predict that the present meeting will result in much good. Large congregations are attending the night services and the revival will continue for two weeks. A cordial invitation is extended to everybody living convenient to the church. Mrs. B. E. Rowe is the organist.

Death of an Old Citizen.

Last Wednesday the 20th, inst., Mr. Isaac Ingram, who lived near Mt. Gilead, in Green county, just over the Adair line, passed over the river of death. He was eighty-one years old and was known to a great many people in Green and Adair counties. He was closely related to the Ingram families of this place. He was a good citizen and his death brought the dearest sorrow to the neighborhood in which he so long resided. The funeral services were held Thursday, many relatives and friends being present.

The Louisville tobacco market was brisk throughout last week. There was more hazy than dark sold, the former bringing from \$9.00 to \$10.00 per hundred. All the dark that was sold brought good prices.

The election will soon be here, next Tuesday. It has been the most quietly managed campaign up to the present, by both political parties, ever known in this county. There has been no excitement, but we believe that a large vote will be polled. Next Wednesday we will give the names of the winners and the full vote of the county.

Marriage Licenses.

The following marriage licenses have been issued from the Adair county clerk's office during this month: Vesue Nelson to Irene Coomer. Oscar Barnett to Rosie Hammons. Lawrence Young to Ethel Lewis. Thos. L. Munday to Sallie Sexton. E. L. McGahan to M. V. Hudson. Jake Wooten to Jennette E. Thompson.

W. W. Matney to Effie Grammer. Walter E. Finn to Eula M. Bell. E. L. Sinclair to Laura Rosenbaum. J. B. Wilcutt to Laura Campbell.

We understand that Mr. J. C. Carter, who is a candidate for Circuit Judge in this district, is thinking of becoming a citizen of Columbia some time next year. Columbia is at the center of the district and the circuit can be made from this place more conveniently than from any other point. The above is street talk. We have not heard an expression from Mr. Carter.

The road from here to Jamestown, via Russell Springs, is in excellent condition with the exception of about three miles between here and Ozark. There are a number of chug holes along this piece of road and they could easily be filled if the overseer would put hands to work. While the road is dry is the time to make improvements. The only way to successfully fill chug holes is to fill them with rock.

Next Monday will be county court. It will be the last day before the election and doubtless a very large crowd will be in town. Some of the candidates will speak at the court-house.

Mrs. Geo. O. Powell's residence which was located near Salsburg Church, about five miles from Columbia, was consumed by fire last Thursday morning. There was no person about the premises but two ladies and they only succeeded in saving a few articles. The loss is considerable. At this writing the origin of the fire has not been reported. About twenty years ago another residence was burned on the same site.

Mr. Joseph Bottom, who some years ago was known to nearly every body about Columbia, died at his home, near Kniffey, last week. He was about eighty years old, and until a few years ago was a very active man. He leaves several children, Eld. Leslie Bottom being one of his sons.

The Ladies Aid Society of the Baptist Church announce that they will give a bazaar at their church building during Christmas week.

There is some talk of an interurban road from here to Greensburg. Gov. J. B. Hildman and Mr. W. M. Tett, late for Greensburg last Friday afternoon

to present the matter to people of Green county. A construction company of Indianapolis, Ind., will make a survey of the route in a short time. There is not a doubt but it would be a paying investment and the business men of both counties are becoming interested.

The Citizens Ticket.

Several weeks ago a meeting was held in the court-house and a ticket named for a municipal board for the town of Columbia. The following ticket was selected to be voted for at the election which will be held next Tuesday.

A. H. Ballard, Jamestown Street. J. F. Patteson, Greensburg Street. J. B. Coffey, Campbellsburg Street. W. T. McFarland, Burkleville Street. Charles Sandusky, Town at Large. The ticket's device will be a pick and shovel. Every voter in the corporate limits should take interest and see that a good board is elected.

At the session of the Masonic Grand Lodge, held in Louisville last week, the report of a special committee, assessing twenty-five cents per capita on all Masons of the State for the support of the old Masons Home, was adopted.

I have purchased the stock of groceries, harness, hardware and saddlery lately owned by J. W. Jackson and will continue the business at the same stand. If you are in need of fresh groceries or anything in my line, call and see me. 51-2t. C. R. Hinchinson.

The concrete steps approaching the entrance to the Presbyterian Church have been completed. The interior of the building has also been repainted, a decided improvement.

Married.

Mr. J. B. Wilcutt, who lives in Missouri reached Columbia last Tuesday and on Thursday marriage licenses were issued to him and Miss Laura Campbell, who lives in Harrodsford, and they were united in the holy bonds of matrimony. Mr. Wilcutt is an ex-Federal soldier and was a citizen of Adair county when he entered the army. He has been living in Missouri for a number of years and to that State he will return with his bride in a few days.

Sentiment on Temperance.

The following report was adopted by the United Conference of the United Brethren Church:

We rejoice that the sentiment for temperance is sweeping over our country like a great tidal wave and we pray that it may continue in its mighty, onward rush until the demon of Alcoholism is utterly destroyed and cast into oblivion, and to assist in bringing about this happy condition we as a Conference pledge ourselves to do all in our power to help develop this sentiment in the minds and hearts of our children; we further pledge our hearty support and aid in the enforcement of such laws that will restrict or prohibit the making and the sale of alcoholic beverages. We further pledge ourselves as a conference to support for public office none but sober, discreet, temperance men.

Therefore, be it Resolved, That this Conference of United Brethren in Christ, denounce the recent act of the Commercial Club and Board of Trade of Louisville, Ky., in inviting the liquor dealers and beer salaried men of Tennessee to seek refuge in our State, from the laws of their own State, which prohibit the sale of liquor. This is the sentiment of a large majority of the best people of Kentucky. J. F. Turner, Secretary.

Rev. H. L. Thompson will preach at Zion the first Sunday in November. R. Alta Hill will conduct the song service.

The Standard Hardwood Lumber Company has bought of Jas. T. Page 500 acres of unimproved land in the Faraway country and known as the Oklahoma land. Price private.

Mr. J. C. Strange, who is a good jobber, is now employed in the News office. Mr. Strange has had long experience in this line of work, turning out many neat and tasty jobs. He enters upon his duties here, feeling that he can give perfect satisfaction.

Mr. J. W. Walker has purchased of Mr. J. W. Hurt the farm upon which the late ranches, lying near Columbia, state of cultivation.

A pony and double harness for sale. The pony drives single and double. Apply to Hugh Noe, Columbia, Ky.

Fifty cords of wood wanted at the Lindsey-Willson.

An Open Letter to Voters of the 16th Senatorial District.

While it is not within the province of the Christian minister to defend or oppose any political party measure as such, nevertheless, he is commissioned to teach truth and righteousness without reference to parties, and to endeavor to win men of all political faiths to pure, moral and upright living. He speaks and labors in the political field solely to secure righteous laws and good order and fair dealing. His plea is for a purer home life and for cleaner politics. The preacher, including all denominations, holds to a few things as fundamentals. Among these fundamentals, and held with great unanimity in the profession that the drink cure is the greatest light of the age. It is the deadly enemy of the race. It is the chief obstacle to moral progress and the progress of the Gospel of Christ. The interests of society demand the overthrow of the rum power. The saloon has become a political institution. It cares nothing for the name of the party only to get there. The whiskey traffic by its insolvency, its arrogance and its persistent lawlessness has forced the issue upon the people and now the people must meet it. By its conduct it proclaims that it would rather die than to obey the law. Indeed it has left but one course for self-respecting and law-respecting people. The interests of church, the state, society, business and manhood all demand that the rum traffic must go. And all of these should combine to give the infamous business its death blow. Now, the people make the saloon. It exists by their votes. The legislators, elected in Kentucky next Tuesday, will say whether or not temperance laws are to be enacted and enforced. The undersigned, solely in the interest of temperance, would earnestly plead that interested voters be not deceived or blinded by party prejudice in their support of favorite candidates.

Agitation has reached that stage where a man must openly espouse the cause of state-wide prohibition or be accounted as a friend to the enemies of temperance legislation. Every intelligent voter should know; has a right to know, where the man stands on so vital a question who asks for his vote. When a man has been in office it is but fair that he should be judged by his record. Our former State Senator, now standing for re-election on the Republican ticket, persistently recorded his vote against the county unit bill at each of its several readings during the sitting of the last Legislature. This was the chief temperance measure before that body and will, probably, re-appear for passage before the approaching session. Hence, to return Senator Nell to office would mean to strengthen the power of the whiskey organization in the State. Having declared that his vote and influence can not be relied upon to crush out the rum traffic, the duty of the hour is plain to every good citizen. No man who would thwart the further despatch of the whiskey power in Kentucky could seriously vote for Mr. Nell's return to Frankfort. His only opponent in the race promises unqualifiedly to support the county unit bill or any other wise measure looking toward state-wide prohibition. Thus it is in the interest of the cause of temperance that we submit, dear voters, this one fact for your consideration and kindly urge that action on your part as would naturally grow out of conviction and a profound sense of one's moral obligation to his home and commonwealth.

Yours Faithfully,
W. B. Cave, Baptist.
J. R. Crawford, Presbyterian.
J. T. Lloyd, Presbyterian.
J. F. Turner, U. B. in Christ.
T. L. Hulse, Presiding Elder.

Family Reunion.

Mr. B. B. Cravens, of Lineville, Iowa, who left Adair county fifty-two years ago, is back on a visit. It is his second visit during this long period, having been here eight years ago. Mrs. Elizabeth Hancock, Mrs. Anna Garnett, Mrs. Malinda Montgomery, Mrs. W. E. Hancock and Mrs. Fannie Pierce are his sisters. They are all in good health and the combined ages of the five sisters and that of Mr. Cravens make 438.

Last Thursday they all met at the home of Mrs. W. E. Hancock and on the following day they had a delightful dinner and talked over events of their childhood days.

M. P. Esters, Vice President of the City Savings Bank, of Nashville, Tenn., which failed to open its doors last Saturday morning, has been arrested. The arrest was made on a warrant charging that Estes had accepted a deposit after he knew the bank was insolvent. W. T. Otley, of Durkewille, Ky., is the prosecutor. Mr. Otley's late home was Campbellsburg, Ky.

Miss Lenora Lowe has united with the Christian Church and was baptized last Sunday afternoon.

Eld. W. K. Azbill is now at Cookeville, Tenn., and is making an effort to establish a State University in that city. The State of Tennessee has agreed to appropriate one hundred thousand dollars for that purpose, as we are informed, and Cookeville the sum of sixty thousand dollars. Mr. Azbill writes encouraging letters to his brother-in-law, Mr. James T. Page, of this place.

Death of Mr. J. M. Traylor.

Last Monday morning the subject of this notice died very suddenly at his home near Greeding. He was an ardent member of the Methodist Church, a good neighbor, and one of the best citizens of Adair county. He was the father of Mr. Melvin Traylor, and a brother-in-law of Mr. J. A. English, of this place. He was about sixty-five years old, and will be greatly missed by family and friends. The deceased had complained of a stomach trouble for about ten days.

Rev. I. M. Grimes, candidate on an independent ticket for County Surveyor or Adair county, asks the voters who endorse a clean moral life to vote for him regardless of politics.

A Successful Session.

The Transylvania presbytery closed its semi-annual meeting on Monday night in the local Presbyterian church. There were present about thirty-five delegates and visitors and the interest was good throughout the session. Much business was transacted and the popular honors were taken up with prepared addresses. The Sunday sessions were of a high order and the attendance exceeded the capacity of the church to its limit. The Rev. H. S. Murdoch was chosen Moderator and J. Q. A. McJown, D. D., Stated clerk. The greater part of the work was done through efficiency of previously appointed committees. These reports reveal a healthy condition of the church throughout the presbytery. The next meeting of the presbytery is to be held at Harrodsburg.

Mr. Owen Pelly has affliction of the jawbone. He left for Louisville the first of the week to submit to an operation.

Will Serve Five Years.

Judge Charles McConaghy, who was indicted in the United States Court at Covington, on eleven counts, charging him with false entries and embezzlement, while cashier of a Monticello bank, has been convicted. He entered a plea of guilty to three of the counts and the Judge sentenced him to five years on each count, but all three sentences are to be served at the same time the entire sentence aggregating five years.

In Memoriam.

Mrs. Myra Moore, wife of William Moore of Cane Valley, Ky., departed this life Sept. 2nd, 1909. She would have been 80 years old at her next birthday. Her maiden name was Butler, the daughter of Champ Butler, one of the pioneer settlers of this country. There were eight brothers and three sisters of this family, of whom there are four brothers and two sisters who survive her.

The Butler family is one of the oldest and best families in the county. They were reared in the Mt. Pleasant neighborhood and with one or two exceptions they have always lived in that community. The most of the family are farmers and live in touch with each other. They are all prosperous and are good citizens, and good neighbors, and are especially kind to each other. They are staunch Democrats, and with one exception all belong to the Christian that belong to any church. Mrs. Moore being the oldest sister of the family.

She was first married to Mr. Sharp of this county, and to this union one daughter was born, who married William Smith, of this county. To this union eight children were born of whom seven are living, two sons and five daughters. There are 27 great grandchildren living, and all living in the Cane Valley neighborhood.

Mrs. Moore surrendered her young life to her savior when she was seventeen years old, at Mt. Pleasant Church under the preaching of old Father J. D. Steel as he was familiarly known. The letter that appeared in last week's News from J. D. Steel was written to her father-in-law, Job Sharp.

She lived a consistent christian life to the end, and died in the triumphs of a living faith. She told her friends she was ready to go at any time, regretting only the leaving her husband lonely in his declining years. She was a noble christian woman, of a cheerful disposition and faithful in all the relations of life. May the Lord bless the lonely husband in his last days, and keep him faithful to the end.

The funeral services were conducted at Cane Valley by the writer, assisted by Bro. Rood, and the body was laid to rest in the Smith cemetery near Willis Hutchison's.

Col. E. W. Lillard, Etc.

Well! Well! Col. (?) E. W. Lillard, who went to the Legislature from Boyle county, under a pledge to vote for J. C. W. Beckham for the U. S. Senate, and who seeing a light, voted for W. O. Bradley, the Republican nominee, has been fined \$3,300 in the Boyle Circuit Court, for the illegal sale of whiskey. He ran a drug store, and he paid three hundred dollars of the fines and agreed to never re-open his store. There are some tragic incidents connected with this man's career. The Courier-Journal lauded him and the candidate for whom he voted, for his betrayal of the party, although it claims to be a Democratic newspaper. The Post, claiming to be a Republican newspaper, condemned him, as well as the candidate he voted for. Now, Senator Bradley is in line with the Post in Louis-

ville and is thereby a distinguished party leader, while the Courier-Journal is abusing Bradley as a man unworthy of credence. Verily, there is a class of people who cannot tell with whom they will sleep two nights in succession, and they care very little so long as they get the price.—Pineville Sun.

Army Officers.

Washington—There are now living 575 officers of the regular army who served in the Civil War, otherwise than as cadets at the Military Academy, prior to April, 9, 1865. Those on the retired list are five lieutenant-generals, twenty-six major-generals, 243 brigadier-generals, forty-three colonels, 126 majors, forty-one captains, seven first lieutenants and sixteen chaplains.

The oldest veteran officer is Brig. Gen. Daniel H. Rucker (Brevet Major General) formerly Quartermaster General, while the youngest is Col. John L. Clem who is 58.

Patteson, Sheriff of Adair county, Ky.

A Faithful Porter.

The major dropped into his club in London one night with three pieces of court-plaster on his nose and an eye in half mourning and was vainly importuned to divulge the cause. He declined all confidences, but one friend, to whom, in a weak moment, he related the circumstances under which he had received his scars, told all about it after the major's departure.

It appears that he was stopping at an out-of-town hotel where a crawny farmer's son had been engaged with no experience in hotel work, but with a frame capable of caring for his master's property during the small hours and with a profound sense of duty as well. The weather was cold, and the major asked the landlord to have a fire made in his room at 6:30 the next morning. As is customary, a slate was hung in the highway containing directions for the night porter regarding the time guests were to be called to catch early trains, etc., so the landlord wrote upon the slate:

"Fire 40 at 6:30."

Next morning the major was awakened by a loud knock at his door. He shouted "Come in," for it was 6:30, and the porter entered.

"You're to git out," he said briefly.

"What do you mean?" asked the major testily.

"I'll show you phwat I mane," remarked Pat, "if you don't git mighty quick. I've orders to fire you out at 6:30 and out ye go."

"What kind of a fool are you any way?" shouted the major, sitting up in bed.

"I am all kinds," responded the porter, "but I obey orders

just the same, and out you go." Suiting the action to his words, he grabbed the major by the neck and hauled him out into the middle of the room.

"Now driss yourself," said Pat, "and driss quick or O'll throw you out ye are."

The major began to storm and used language not to be repeated whereupon the exasperated and honest porter sprang upon his victim and shot him into the hall like a bundle of rags. The major's clothes, traveling bag, rugs, etc., followed.

"Now," said Pat, "if ye don't driss in foive minutes out ye go in the strate as ye were born!"

And out the major would have gone, but the landlord, disturbed by the noise, came and rescued him from his formidable persecutor. And that was the result of Pat's interpretation of "Fire 40 to 6:30."

How To Cure Insomnia.

The first thing for a person inclined to insomnia to do is to stop worrying.

The greatest obstacle to sleep is to worry that you are not going to sleep; the more you move the god glumber the more shy he becomes.

Next, be careful about what you eat. The stomach is a powerful factor in sleep and will keep one awake if it is too empty, or if it is too full. Sugar, candy and chocolate have a tendency to keep one awake, and sweet deserts should be avoided at night as well as coffee, tea and greasy foods; whether an empty or a partially full stomach is better depends on the individual and is determined by experimentation in each case.

One of the best ways to draw the blood from the brain is to take a moderately swift walk before retiring, and if there is still difficulty in getting to sleep, a tepid bath and a gentle rub will draw the blood from the brain to the surface of the body. Persons susceptible to sound sleep who awake easily may find it wise when sleeping in a noisy neighborhood to stuff medicated cotton in the ears, which will keep out noises and insure undisturbed slumber.

Get into the "don't care" mood. Get into bed, indifferent whether you are going to sleep or not, and you will find generally as a result that sleep will reward you.—Boston Traveller.

To The Voters of Adair County.

I am a candidate for the office of assessor, subject to the action of the legal voters of Adair county. I was defeated in the Republican primary by Mr. J. M. Wolford by means and methods used by him which were forbidden by our committee and which gave him an undue advantage and really and truly rendered his nomination void. I lived within the requirements of the committee and would not have further presented my claims had I been defeated by upright and honest methods. Since my opponent failed to keep his agreement I feel released from my obligation and feel it my duty and privilege to oppose Mr. Wolford.

I am a Republican but believe in fair honest politics. My Republican friends in the upper part of this county, where we both live, are with me, by a large majority, in this race and they are as true as any men, but not willing to see the party dragged into the mire of political corruption. I expect to canvass the county and see as many of the voters as possible before the election. If elected I will perform the duties of the office fair and impartially.

Respectfully, W. J. Bottom.

Get Rich Quick.

This country had two campaigns in which the money standard was the issue. The question that was whether it should be gold or silver, but just now the country is interested in another phase of money standard. It is whether the dollar should be put above the man. The country is going wild on Commercialism.

Men are seeking to get rich fast. In the struggle that is going on for fortune under the mistaken idea that it will bring happiness everything else is sacrificed to the craze. Thousands have dollars so close to their eyes that they cannot see any thing beyond the rim. It is a low standard, that debases rather than elevates mankind. Truly it can be said of the age that "the love of money is the root of all evil." Men are not seeking it for noble purposes, but to gratify selfish desires. They are not enriching the world by their living, but like the leech, they are blood suckers impoverishing others in the desire to have more than their neighbors. As a result of the low standard religion, morals literature and respect for the law are all suffering. The country is prospering from a money stand point as it never prospered before, but it is in consequence of this craze to get rich it is suffering in many things which are more valuable for the advancement of humanity.

A Card

KNIPLEY, KY., Oct. 15, 1909.

To The Voters of Adair County:—

When Mr. J. M. Wolford and myself were candidates for the nomination for Assessor of Adair county, I was asked in every part of the county if Mr. Wolford had been voting the prohibition ticket. I would not answer the question. I would tell those who asked me to investigate some other source as I wanted to treat him fair, but since it developed that he does not respect me or his oath either, I make the following statement for the benefit of the public:

I can prove by as good men as there are in Adair county, both Republicans and Democrats, that J. M. Wolford has for several years been voting the prohibition ticket, and further more, he has stated that, if he won the race or not was out of politics for all time to come. If any person or persons doubt these statements I only ask them to come to me and I can take them to as good men as this county affords and prove every word that I have stated. Now I ask every reasonable thinking voter that is in this county to ask himself the question it is right to turn a man down who is running on the ticket that he claims to belong to, or take up a man who pretends to belong to the Republican party and voting the prohibition ticket, and further more, that every citizen who believes in equal rights to all and exclusive privileges to none will support me, I remain,

Yours truly, W. J. Bottom.

If It Were Only Needed.

Here is a little sermon we found in one of our exchanges this week. It is so good that we publish it:

"Every time your neighbor's closet is open don't stretch your neck to tell what you saw. Do you ever stop to think that some day tragedy may take up its abode in your home? Can't you get it into your head that some day the tongue of slander may cut you like a poisoned sword and the whisper of neighbors be as vinegar to your wounds? Misfortune and disgrace may have struck your neighbor but it does not become you to get upon the housetops and shout it out to the world. You will have all you can do to answer for your own indiscretions. Some day one near and dear to you may fall—the prison walls may open to a son or the scarlet letter of eternity blight a daughter. When a home is mourning over a tragedy, the best thing you can do is to keep your mouth shut, unless you can say something that will come as a rift in the clouds. Then again, you know you may be no better than your neighbor. The only difference is that they were caught, and you, up to date have kept the sunlight away. Be charitable to your neighbor as you know not the hour nor the day when the light will appear in your sacred circle.

Barrel Chased The Child.

If a man with three drinks of whisky under his belt cannot walk with firewater be blamed for rolling from the curb into the gutter?

If the barrel in its mad career chases and runs over a child, can the owner of the barrel and the whisky be held liable for injuries to the child on the ground that he was negligent?

In one case at least Judge W. G. Cady in municipal court, says "No." An account was brought by Margaret Flanagan, who is some ten years old, by her mother, as guardian, against Oswald Weinreb, the owner of the barrel.

It was claimed that the barrel was left in such a position that when the little girl passed it took after her.

Mr. Weinreb, who appeared by Attorneys Ferguson & Hennessy, denied that the rampage of the barrel was his fault. He also denied having given authority to have any one place the barrel in the street. The decision by Judge Cady is for Mr. Weinreb, who is given costs.—Syracuse Standard.

A Punk Town.

The Danville Advocate says Frankfort must be a punk town. After the state had built a two million dollar capitol, a move-

ment has been placed on foot to have the next legislature build a bridge across the Kentucky river, connecting north and south Frankfort, according to the Frankfort News, although the city has not as much as constructed a fit street to the new building. The thoroughfare leading to the new capitol is worse than the worse roads in Breathitt county. The legislature has no more right to appropriate money to build a bridge across Kentucky river in Frankfort than it has to furnish money to build a bridge across Chaplin river at Perryville and if such an attempt is made, a lasting howl will go up. The Advocate contended from the outset that a hole like Frankfort is a discredit as a location for the State Capitol. As for our part, we would be glad to see it moved notwithstanding the cost of the new buildings. Lexington should be the capitol.

I don't like the word policy. The moment you tell me that honesty is the best policy I am antagonized and almost prefer dishonesty. If you say that it is politic to be sweet-mannered I find myself shunning the appearance of hypocrisy which amiability of that sort too closely resembles. Tell me to be good for the sake of being good, and I will try right hard to behave myself, but tell me to be good because somebody is watching me and it will be to my advantage to make a good impression, and I shall, ten to one, disgrace my lineage. The fact is that we build up character altogether too much after the fashion of a farmer who should plant his crops to please his neighbors, without consulting his own predilections or prejudices. "I will raise buckwheat, not because I like buckwheat cakes, but because John Smith does, and I might drive a better bargain with John Smith some day should he chance to drop in and eat a hot buttered cake with me," is a no more senseless mode of procedure than it is for me to be honest and upright for no higher reason than because I shall have a better standing in the community with that reputation tacked to me. Be good, be pure, for your own sake, and for the sake of that companion you are going to spend eternity with—your own self.—W. G. D. in Danville Advocate.

Gov. Beckham got pretty close to Gov. Willson when he told him through the columns of the State Journal that instead of giving Kentucky a black eye by lecturing in the east on night riders and "my soldiers" he should talk fair gerrymandering to the easterners. It is a notorious fact that in every Republican state the gerrymander against the Democrats is much worse than it is against the Republicans in Kentucky, yet Gov. Willson has appointed a commission to suggest some method of redistricting this state on a "fair basis." But the Governor is such a partisan himself that we do not believe he would be pleased with any change unless it gave the Republicans a majority of the Congressmen, the Legislature, a majority of the Circuit Judges and the State Senate. To show what they want, one Republican said to us the other day that Jackson county ought to be in this judicial district. If it were, since there are no more than half a dozen Democrats in that county,

ANNOUNCEMENTS

FOR MAGISTRATE.

I am a candidate for magistrate in the sixth District of Adair county, subject to the action of the Democratic party.

J. M. Wolford.

The whole of Hugh B. Phillips' estate amounting to \$100,000 goes to his children. No provision was made for his wife on account of a marriage contract whereby she was to receive \$30,000 in life insurance. Mr. John McChord, of Lebanon, son-in-law of the deceased, bonded as executor of the will. Mr. Phillips, many years ago, was a partner of his brother, Mr. J. G. Phillips, in a mercantile business which was conducted at Columbia. Mr. Phillips died at Owensboro, but for many years he was interested in the business affairs of Lebanon.

Mrs. Basil W. Duke, who was a daughter of General John H. Morgan, was found dead in her bed, at her late home, 216 East Broadway, Louisville, last Wednesday morning. Her death was due to heart failure. She was the founder and President of the Kentucky Chapter, United Daughters of the Confederacy, and Vice President of the national organization. She was also a leader in the social life of Louisville. Her surviving husband, General Basil Duke is a noted lawyer and writer.

Knud Rasmussen, a Danish Arctic explorer, says that Dr. Cook reached the North Pole and that he is entitled to first honor. He says he understands the language of the Eskimos perfectly, and that the stories told him by natives tally exactly with the statement made by Dr. Cook. This information is gathered from a letter written by Rasmussen to his wife and dated at Julianshaab, Greenland, September 25. The full text of the letter was published in the New York Times and the Courier-Journal last Thursday.

F. E. Hanscome, who was cashier of the wrecked First National Bank, Mineral Point, Wis., was found last week lying over the grave of his mother. A bullet hole in his head told the manner of his death. Mrs. John Gray, who was the mother-in-law of the dead banker, and to whose home the body was conveyed, dropped dead immediately upon seeing in.

At the session of the Masonic Grand Lodge, held in Louisville last week, Mr. Joseph H. Ewalt, of Paris, was elected Grand Junior Warden which puts him in line for Grand Master.

President Taft rested four days last week on his brother, Charles' ranch in Texas.

To the Voters of Adair County.

I entered the primary with my opponents—Mr. Bottom, Mr. Burton and Mr. Tarter. I was nominated over my opponents by a majority of 306 votes. Mr. Burton and Mr. Tarter received nearly as many votes as Mr. Bottom, but they are perfectly satisfied, and both say they are for me in this race.

Mr. Bottom knows he was fairly and squarely defeated, but this doesn't satisfy him and he is aiming to creep into office by bringing false accusations against me. If Mr. Bottom had acted on true principle and had done what he agreed to do, he would have attempted to prove those things before he tried to expose me in the paper.

He claimed to me, in the presence of a good man, that he received a letter from a good man in the Gradyville precinct which stated that I used \$150 in that precinct. I told him in the presence of as good a citizen as there is on Casey Creek that I would give him \$10 to show me that letter. He said he wouldn't do it. Neither has he attempted to prove any of the other false accusations he has brought against me. I proposed to Mr. Bottom to make oath that I wasn't out \$50 in all from the beginning of the campaign until the primary. Mr. Bottom states I have been voting the Prohibition ticket for several years which is a positively untrue, and which he will no more try to prove than he has any of the other false statements he has made against me. Furthermore, he knows we have had secret ballot for a number of years.

I would like to ask Mr. Bottom why he didn't prove this by his Democrat neighbor, of Knifley, whom he asked to sign his petition if he can prove by as good Republicans and Democrats as there are in the county, and why he didn't prove it by a man in the Little Lake precinct who is as good a citizen as the county affords.

This man of Little Lake informed me that Mr. Bottom asked him if he knew I had been voting the Prohibition ticket for several years, also, Mr. Bottom's Democrat neighbor of Knifley (referred to in this letter), told me he asked him this same question. He forgot he was crossing himself by so doing, for he stated in one of his cards that people were asking him in every part of the county if I hadn't been voting the Prohibition ticket for several years. So I find out from men in every locality that he has been asking them that in every instance instead of them asking him as he states.

Furthermore why didn't he prove it by some at least of these men on either or both sides, then the public would have some grounds to believe there was some sincerity in his so called unwillingness to see the party dragged into political confusion. He has not, cannot, nor will not attempt to prove any of those things he has accused me of, which is enough to prove to the public that, although he was fairly and squarely defeated in the primary, he is not willing to give it up like the true principled men, Messrs. Tarter and Burton are, but he is bringing slanderous, false accusations against me, which he refuses to try to prove, and thinks by so doing he will creep into the office regardless of respect for me or his oath.

I have said that if elected or not I would not be a candidate again. But have never said I would be out of politics for all times to come.

Now in conclusion I wish to say that, if being opposed to the sale of liquor in the county, and being an abstainer from its use, and being opposed to whisky being used to excess generally speaking, is what Mr. Bottom calls prohibition, I will confess I am guilty. I would like to say furthermore to Mr. Bottom why don't he tell the public, how many times he has voted outside the Republican party in the last few years.

Now I ask all honest voters of Adair county to study the principles of both myself and Mr. Bottom, and vote for whom your good judgment dictates.

Yours truly,

J. M. Wolford.

There are many who claim to be dentists in the United States, but few who are. Dr. O. S. Dunbar is one of the few who are. He has been practicing dentistry for over 30 years, and has a reputation for skill and honesty. He is a member of the American Dental Association, and has been elected to the office of President of the Kentucky Dental Association. He is a man of high character and high ability, and his services are highly valued by his patients.

Home Circle.

A happy family is but an earlier heaven.

There never was a woman but was just asking to tell some other woman how to comb her hair.

The reason why women do not propose is supposed to be due to the fact that they want to have the last word.

It is worth a thousand dollars a year to have the habit of looking on the bright side of things.

It is just as wicked to indulge in mental profanity as to swear right out loud, and much more injurious to the digestion.

Kindness is stowed away in heart like rose leaves in a drawer—to sweeten every object around.

Many a life full of promise has been wrecked owing to the want of a definite aim in life, and the only way to insure success is to determine upon a certain line of action to have an ultimate object in view, and to make every effort to reach the goal and secure the prize.

There are two kinds of schools in this county, both strong in their influences, educating the boys in strict-opposite directions. The school house education on the one hand and the street education on the other are alarming-ly different. The Nation's prosperity depends upon which school educates the boys.

It is wicked to loaf. Every man is created for a purpose and he has no right to shirk that responsibility. No man has a right to loaf. Nothing can be more humiliating to a parent than to know his son is a confirmed loafer—a mere blank—absorbing his living from the toil of other hands and creating nothing. No sensible young lady will allow a confirmed street loafer to enter her company. No able bodied, strongminded person ever wanted work who was unable to find it. There is always plenty of work to do. If you can't get paid for your labor go and work for nothing—it will be much better for you; and when you have fully demonstrated that you can easily find a paying job. The man or boy who is content to live like a drone bee—sponging off the others—should be forced on his own resources and compelled to swim or sink. 'Twould be best for society. Boys, if you have ever loafed, don't do it any more.

Resenting a reprimand which Miss Margaret Lang, a neighbor, caused him to receive, George Augustian, seven years old, of Millvale, a suburb of Pittsburgh, shot Miss Lang to death.

Flourishing a knife and announcing that he wanted to kill President Taft, Charles Thorp, an aged prospector, was arrested at Albuquerque, N. M., after a vicious struggle with the police.

Jacob Sherry, 36 years old, shot and killed his wife and probably fatally wounded his sister-in-law at Cleveland, O. Sherry then shot himself mortally. The shooting followed a domestic quarrel.

Burglars effected an entrance to the Louisville & Nashville depot at Millersburg and robbed the safe of a large sum of money. This is the third time in three months that the office has been robbed.

Federal Judge Marshall, at Ardmore, Okla., overruled the defendants' motion to quash the indictments charging Gov. Haskell and other Oklahomans with fraudulently scheduling town lots in Muskogee, Okla.

Forge Cures Consumption.

A Texas Methodist Minister has just given to the public what he denominates a sure cure for consumption. Rev. L. G. Grimes, of Copas Cove, Texas, says that some years ago he was stricken by the deadly malady and had frequent hemorrhages from the lungs; that he was forced to give up his employment, and that the only exercise he took was an occasional horseback ride. One day he rode over to the blacksmith shop to have his horse shod, and while the smith was doing the work he got upon the forge to warm and accidentally inhaled the smoke from the stone coal. It gave him instant relief and he inhaled it for some time. He returned home feeling better than for some time, and determined to continue the experiment. He did so with the result that he was completely cured, and, although that was years ago, has never had another symptom of consumption.

Mr. Grimes also tells that he was in the same stages of tuberculosis, and that she was fully cured by using the same remedy—inhalation of the stone coal smoke. He says he has told others of this simple remedy and does not know of a case it has not cured.

Converts Cave Into a Palace.

One of the most prominent and successful farmers of Prairie Grove, Arkansas, who is an active member of the National Farmers' Union, has dwelt in a cave for years. It is probably the most palatial cave in the world, and is fitted up with all modern conveniences, including hot and cold water, electric fans, electric lights and steam heat. He discovered the cave at the top of a mountain 1,700 feet high. It is seventy-eight feet long by twenty-five wide and thirty-two feet high. The walls are of beautiful granite, which has been handsomely polished. The ceiling is forty feet thick. The front of the cave is glass, which the owner and occupant, H. S. Mobley, put in, together with hardwood floors. The fuses for the cooking range pass out through the mouth of the cave and extend upward a distance of nearly forty feet. Movable screens permit the increase and reduction of rooms at the pleasure of the occupants. A fine spring at the top of the mountain furnishes water through a private system of waterworks.

This novel dwelling completed about two years ago. It is approached by a beautiful road ascending the crest of the mountain by easy stages, and the cave is kept in perfect condition. The occupants declare that it is the coolest dwelling in the summer and the most comfortable in the winter, and they have no fear of cyclones, which are frequent in that region. Neither heat nor cold penetrates the solid protection of yards of granite. Mr. Mobley says he will live in the cave for the rest of his life. The cave is in easy driving distance of Prairie Grove.

Elderly People
Helped Free

The last years of life are the sweetest, and yet the most difficult to prolong. It is then that the greatest care is exercised in maintaining bodily health. But the chief care should always be with regard to the food you eat and whether you are digesting it properly. You should not allow yourself to become constipated.

No doubt, you have tried salts and cathartic pills, purgative tablets, etc., and have come to the conclusion that they are violent in action and do but temporary good. Listen, then, to the voice of experience with regard to a wonderful and mild remedy, Dr. Caldwell's Syrup Pepsin. It is not new, only we are trying it and new friends are made of it. A. A. Feltz, of Johnston City, Ill., suffered from stomach trouble for six years and found his cure in Dr. Caldwell's Syrup Pepsin. His wife used it too with success. We could name hundreds of others. Some heard of it first through neighbors or friends; others through the doctor's office to send any sufferer from a stomach, liver or bowel complaint a free sample bottle for trial, without charge. If you will send your name and address we will send you a trial bottle direct to your home. If it proves itself as we claim then continue the treatment by buying a 50-cent or \$1 bottle of your druggist, as all of them sell it. Old people, like children, should look for purity, and it is well to mention that the purity of this remedy is vouched for with the U. S. government. Also, though a free bottle is sent to prove its merits, results are always guaranteed from the regular bottles bought of druggists, who will refund your money if it does not satisfy you. Send at least for the free test bottle today.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for the service. The address is Dr. W. B. Caldwell, 909 Caldwell Bldg., Monticello, Ill.

The death list of the recent storm in the South now numbers 46 and the property loss is much heavier than was at first estimated.

The best thing to give your enemy is forgiveness; to an opponent, tolerance; to a friend, your heart; to a child, a good example; to a father, deference; to your mother, conduct that will make her proud of you; to your self respect; to all men, charity.

The Bed-Rock of Success

Lies in a keen, clear brain, backed by indomitable will and resilient energy. Such power comes from the splendid health that Dr. King's New Life Pills impart. They vitalize every organ and build up brain and body. J. A. Harston, Lismore, W. Va., writes: "They are the best pills I ever used." 25c at Paul Drug Co.

McGaha.

It is a boy at John A. McGaha's. Mother and child doing well.

Some few cases of diphtheria in this neighborhood.

Mr. M. T. Redman was kicked by one of his colts a few days ago and is laid up for several days.

George McGaha is erecting a new barn.

Farmers are very busy sowing wheat in this community.

A Mr. Chapels, of Neatsburg, has moved his saw mill to Mr. D. Giles' farm on Sulphur.

There has been a sanctified revival going on at Oak Grove church for some time.

Everybody may be thankful that they haven't seen a letter from McGaha for a long time, but we are not all dead. We are just a booming. We have two water mills, one steam mill, three grindstones, to blacksmith shops, one huxter wagon, one house carpenter, one preacher, one adviser, one doctor and a good boomer. If any town with as few inhabitants can beat this let us hear from them.

Mr. G. R. Redman, of Roy, was visiting M. T. Redman last Saturday.

Mr. Walter Rigney was in Columbia last Saturday.

Banjo Picking George McGaha, as he is well-known, is breaking land for next year's corn crop.

Whiskey Men in Bad.

Andy Wood and Zach Nichols, who were arrested last week on warrants charging them with

selling liquor unlawfully, were tried Friday at Flippin in Justice Pinkley's court and were fined very heavily. Wood's fines will amount to \$640. Nickol's fines will reach \$700 or \$800. Both Wood and Nickols were required to execute bond in the sum of two hundred dollars for their good behavior for the next twelve months. They were also required to give bond in the sum three hundred dollars pending the action of the next grand jury on the charge of maintaining a public nuisance. Several other warrants for whisky dealers in the county which were procured by the court of inquiry held by Justice Pinkley will be transferred.

It is said that other charges will be made against the whisky men on the grounds of maintaining a public nuisance. The strongest opposition which has prevailed in this county against whiskey for several years is now exerting itself and the man who is in the whisky business and does not track the law governing the sale of it will have a hard road to travel.—Tomkinsville News.

Notice.

At the regular election for Adair county, Ky., held on the 2nd day of November, 1909, at the regular polling place, in voting district No. 14, of said county, known as the Egypt voting district, a poll will be opened and an election held, for the purpose of ascertaining the will of the voters of said district upon the question whether or not they wish cattle or any species thereof to run at large in said district. This election will be held on the 24th day of August, 1909. W. B. Patterson, Sheriff of Adair county, Ky.

This is Philosophy.

There is a good deal of philosophy in the following: "Drink and the gang drinks with you; swear off and you go it alone, for the barroom bum who drinks your rum has a quenchless thirst of his own. Feast and your friends are many, fast and they cut you dead; they'll not get mad if you treat them bad, so long as their stomach is fed. Steal, if you get a million, for then you can get bail; it's the great big thing that gets out on leave, while the little one goes to jail."

Money Comes in Bunches

To A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes. "I couldn't sleep, had no appetite, no ambition, grew weaker every day in spite of all medical treatment. Then used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infallible for Stomach, Liver, Kidneys, Blood and Nerves. 50c at Paul Drug Co.

Good Things to Know.

Here are some remedies that will be lots of help to some one.

Cure for Erysipelas.—A poultice made of cranberries powdered fine and applied in a raw state is fine.

Cure for toothache.—Saturate a piece of cotton in a solution of ammonia, place it on or in the tooth.

Cure for Diphtheria.—A pan of sliced onions will prevent disease from spreading. Onions must be burned every morning and fresh ones cut up. They will also absorb the poison. Juice of a pineapple is very good.

Storing Cabbage.

In storing Cabbage, select a well-drained place, dig a pit four or five feet wide, and deep enough to hold any desired number of tiers of heads (five tiers probably would be most suitable.) Over the bottom of the pit strew clean, dry straw, leaves, or any kind of litter to a depth of five or six inches.

Now sever the cabbage-heads from the stump, removing all leaves that are damp or show the least sign of decay, and lay the heads in the pit, tops down, in even rows. In placing them, see that they lie close together. Also be very careful not to bruise them or you need not be surprised to find rotten cabbage when you open the pit.

Make the pile to resemble a hay-stack as much as possible, cover with some clean grass or straw, and throw on six or eight inches of dirt. Leave in this condition till cold weather approaches; then cover with more coarse litter to prevent freezing and thawing. Some prefer to cover lightly and allow the cabbage to freeze, and this is all right, provided they stay frozen till used. It's the alternate freezing and thawing that ruins cabbage.—Ex.

At the regular election for Adair county, Ky., held on the 2nd day of November, 1909, at the regular polling place, in voting district, No. 1, said county, known as the West Columbia voting district, a poll will be opened and an election held, for the purpose of ascertaining the will of the voters of said district upon the question whether or not they wish cattle or any species thereof to run at large in said district. This election will be held on the 24th day of August, 1909. W. B. Patterson, Sheriff of Adair county, Ky.

Large city dailies sometimes delight to make fun of the personal items that appear in the country press. They make merry over the mention of people visiting each other and in the little incidents that occur in the village or town society life. But the city dailies are themselves addicted to the same practice as everyone knows who looks at the society notes. To be sure, those papers may say that they only mention the doings of wealthy or prominent people. But wealthy and prominent are relative terms only and the movements and experiences of people in the small community are of just as much genuine interest to that community as are the doings of the Goulds, Fields and others to the people of New York and Chicago, and probably more so for reasons that are obvious.—The Clay City Times, Malvern, O.

At the regular election for Adair county, Ky., held on the 2nd day of November, 1909, at the regular polling place, in voting district, No. 13, of said county, known as the Cane Valley voting district, a poll will be opened and an election held, for the purpose of ascertaining the will of voters of said district upon the question whether or not they wish cattle or any species thereof to run at large in said district. This election will be held on the 24th day of August, 1909. W. B. Patterson, Sheriff of Adair county, Ky.

Poultry men of Pulaski, Tenn., say that poultry is scarcer now than for years at this time. There are several reasons: First, the fowls are moulting and not desirable for market purposes; second, turkeys are not large enough to market, but the main reason is the heavy shipments of hens and

chicks last spring when a car or two a week was shipped for three months on a stretch. The past wet summer also hurt the poultry crop very much.

It's a Top Notch Doer.

Great deeds compel regard. The world crowns its doers. That's why the American people have crowned Dr. King's New Discovery the King of Throat and Lung remedies. Every atom is a health force. It kills germs, and cures and lagrippe vanish. It heals cough-racked membranes and coughing stops. Sore, inflamed bronchial tubes and lungs are cured and hemorrhages cease. Dr. Geo. More, Black Jack, N. C., writes, "It cured me of lung trouble, pronounced hopeless by all doctors." 50c, \$1.00. Trial bottle free. Guaranteed by Prull Drug Co.

No matter how productive a ewe may be, it should be no cause for keeping her until she is too old for service. When a number of ewes begin to show signs of age they should be separated from the remainder of the flock and fattened on ground corn or meal, and, unless they are extremely poor when entering the fattening lot, they can soon be disposed of at a fair price.

Water For the Bees.

Give the bees plenty of water. They need a great deal, and will fly a long distance to get it.

If there is no running stream or lake of pure water near it is well to place a pail of fresh water near the apiary every day.

Bees use water to dilute the heavy, thick honey left over from winter to make it suitable for the young larvae, and also to make the cell wax pliable.

Bees should be protected from the wind on the north and west by a close-set hedge or high fence.

All weeds should be kept down in front of the hives. Mow a plot six feet wide and then cut the weeds and grass close to the ground with a hoe.

An hour once a week spent on the care of the bees will bring larger returns for the effort than any other labor on the farm.

A newspaper man of Chicago who lives a few miles out in the country last year sold \$225 worth of honey to three big hotels. He says he did not spend more than one hour a week looking after his bees during the season.

Frightful Fate Averted

Infallible for wounds, cuts and bruises, it cures Burns, Scalds, Old Sores, Boils, Skin Eruptions. World's best for Piles, 25c at Paul Drug Co.

Oldest Brick House in Kentucky.

A Scott county woman, who recently visited Crab Orchard Springs, send in the following:

Situated on a prominence in Lincoln county, with Muldos Mountains in the distance, is said to be the oldest brick house in Kentucky, having been built between the years 1783 and 1790 by Col. William Whitley, the grandfather of Mrs. Mary Moore, of Georgetown. In the front room, then known as the "big" room, Col. Whitley met with and entertained the Indians when making a treaty with them regarding the capture of white women and children. In this same room on the high mantle are 13 stars representing the 13 then in the Union, Kentucky at that time being a portion of Virginia. The woodwork is all hand-carved and on the stairway

Get Well

If you are sick, you wish to get well, don't you? Of course you do. You wish to be rid of the pain and misery, and be happy again.

If your illness is caused by female trouble, you can quickly get the right remedy to get well. It's Cardui. This great medicine, for women, has relieved or cured thousands of ladies, suffering like you from some female trouble.

TAKE CARDUI

For Women's Ills

Mrs. Fannie Ellis, of Foster, Ark., suffered agony for seven years. Read her letter about Cardui. She writes: "I was sick for seven years with female trouble. Every month I would very nearly die with my head and back. I took 12 bottles of Cardui and was cured. Cardui is a God-send to suffering women." Try it.

AT ALL DRUG STORES

is carved at each step an eagle with an olive branch in its mouth. The attic, quite a low structure, was the ballroom and from the small windows at each end, it is told, the whites fired on the Indians when with hostile intentions they were around the premises.

The brick of which the house was built were burned near by and in diamond shape are placed glazed brick to add to the quaintness of the structure. It is said a farm was paid for the brick and quite a number of barrels of whisky were given to build the house. The chimney in one room is 12 feet wide, the walls of the house being two feet thick. The doors are two-ply with metal between to insure safety from the enemy.

The farm contains 130 acres, now owned by Mrs. Sallie Pennington, who takes pleasure in showing strangers through the entire house and gives them in her affable way what information she can about her quaint and much loved home.—Georgetown Times.

Our farmers ought to appreciate an enterprise like this that brings a market right at their door for all of their surplus grain at the highest market price.

One of the most interesting games of marbles that has been played in our town for many years took place one day last week. The players were Robt. O. Keltner, seventy years old, Geo. W. We take it from the way they played, that in by-gone days they certainly played on Sunday.
